unskilled doctors are using a new eye surgery viz. Phacoemulsification, which harms the patients; and

(b) if so, the steps Government propose to take to check such malpractices?

THE MINISTER OF STATE OF THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI SALEEM IQBAL SHERVANI) : (a) and (b) Yes, Sir. Phacoemulsification is the most modern technique for cataract extraction with Intraocular lens implantation. While this procedure is common in developed countries, it is new for India and can be followed by persons who are or were doing cataract operation by conventional methods. Like all new procedures, this also has its own learning curve. There are several facilities available in the country where this procedure is done as a routine and where Ophthalmologists can observe and gain experience in this procedure of phacoemulsification.
